## HIGH-GRADE ROGERS SILVERWARE

*Designed and Manufactured Especially for The Times-Dispatch*

This silverware is manufactured especially for The Times-Dispatch by the Wm. Rogers Manufacturing Co., of Meriden, Conn. The design and patterns called "The Lotus" are very artistic and beautiful, and are controlled exclusively by this newspaper. Every housewife knows that "Rogers" silverware is the standard of excellence and durability. In selecting silverware as a premium, we have been careful to give our readers goods which are first-class in every particular, and which carry the strongest kind of a guarantee. We call your especial attention to the *fac-simile* of the certificate which is packed with every set of these goods. Read it carefully.

Many large families will undoubtedly want more than one set of these knives and forks or spoons. We have provided for them by making arrangements with the manufacturers to furnish a sufficient quantity to permit of them obtaining additional sets from time to time (with other sets of coupons) until they have as many as are needed.

The knives are plated with pure Sterling Silver on blanks forged from the finest crucible steel. The forks, spoons, butter knife and sugar shell are plated with pure Sterling Silver on an 18 per cent. nickel silver base—which years of cutlery manufacture has proven to be the best and most durable combination for family use. The handles are finished in the latest shade of French gray, the bowls and blades are highly polished. Each set is packed in a satin-lined case.

This is an exact reproduction of the Guarantee Certificate packed with each and every set of Lotus Silverware. Designed and made especially for The Times-Dispatch.

Either of these splendid sets may be obtained by any reader of The Times-Dispatch for 30 Household Coupons and \$2.10; \$2.35 when delivered by wagon or express.
